Adventure of a Lifetime

# WELCOME TO YALA

## Adventure of a Lifetime

At YALA, we excel in crafting extraordinary tent structures that deliver unforgettable experiences.

Established in 2009, we have consistently led the luxury outdoor accommodations market. Our mission is clear: To provide top-tier and sustainable tent structures that empower our B2B clients for exceptional ROI and guest experiences. We exceed industry norms through innovation, superior quality, sustainability, and operational excellence. Our aim is to revolutionize the glamping industry, becoming the trusted choice for businesses seeking to enhance their offerings and profitability.

In this brochure, you will embark on a journey beyond canvas and wood—a world where nature and luxury unite. Each YALA tent is a masterpiece, designed for maximum ROI without compromising luxury.

Innovation runs through every thread, material, and design. We offer top-tier tent structures, celebrated for quality, sustainability, and innovation.

YALA is more than a manufacturer; we are your partner in creating cherished moments. Whether you are a resort owner, campground manager, a winery, seeking unique event spaces, or looking to attract adventure seekers, we have the perfect solution for you.

Join us to redefine outdoor leisure, where nature meets modern comfort. Explore this brochure and let YALA turn your vision into reality.

Welcome to a world where nature meets luxury. Welcome to YALA.

### Team YALA

# CLASSIC

The safari tents from our **Classic range** are compact and robust. They have one or two bedrooms, and some can be equipped with a kitchen and/or bathroom. Perfect for short stays or to accommodate hikers and cyclists.

- Low investment, high return
- Fits into small camping ground pitches
- No concessions; a spacious and practical layout to offer guests ultimate comfort

## BELL TENT

Adventure in the great outdoors

The Bell Tent accommodates three people with a generous three-meter center height. Its detachable groundsheet allows you to roll up the sides, creating an open-air space. Quick setup and easy storage make it a convenient choice. For a stable and stylish foundation, consider a wooden floor, providing a flat, dry, and durable base for your Bell Tent.

NO

# SPARKLE

Stylish and cosy

Discover stylish and budget-friendly accommodations with The Sparkle. It comes in two sizes, offering practicality and comfort with generous headroom and a cozy wooden veranda. This model can also serve as an excellent addition to other lodges, catering to larger families or groups.

# ORION

Gateway to outdoor luxury

Orion is the ultimate choice for spacious comfort, ideal for families and groups. It's available in two sizes, comfortably accommodating up to six people and can be equipped with a fully fitted bathroom. Orion stands out for its durability and easy assembly.

What truly sets Orion apart is our innovative robust zinc-coated steel floor and tent frame. This makes Orion the top choice for locations where annual tent removal is necessary.

# COMFORT

The canvas lodges in our **Comfort range** offer space and comfort. These lodges have a spacious living area, two or three bedrooms, a well-equipped kitchen and a luxurious bathroom. Your perfect offer for families and groups of friends.

- Ideal family lodge providing space and comfort
- Multiple layouts possible to create the perfect lodge for your guests
- Superior quality and durability due to the use of the best materials in the market

## SHIMMER

A room with a view

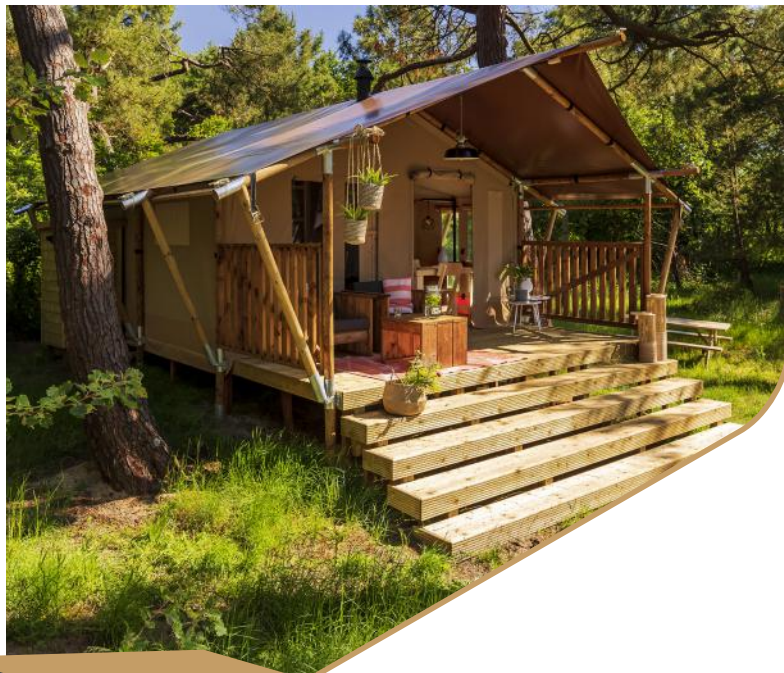

The Shimmer is a unique two-story accommodation, offering both spaciousness and compactness with stunning views. On the ground floor, you can choose between two layouts: a larger kitchen with a dining table or a more compact kitchen with a bathroom. The upper floor has a bedroom with a spacious veranda, providing an exceptional experience.

## COMET

Small footprint, a lot of comfort

Our compact glamping tent Comet is designed to fit on small pitches. Now available in three sizes, catering to 2-5 guests, the Comet's spacious veranda creates a sense of spaciousness. Crafted from fire-retardant canvas, it can be built on concrete tiles if needed. The vertical windows at the front and side of the Comet allow extra light to flood in, while the mesh front window ensures optimal ventilation.

# SUNSHINE

Stylish and robust

The Sunshine's solid quality offers long durability for a high ROI. It's available in four sizes with multiple layouts. The Sunshine can also be built as group accommodation with an area of 95 m2. Welcome your guests in a nice reception area, or set it up as a restaurant or communal activity space. Anything is possible!

# DREAMER

A home away from home

The Dreamer is the ideal family lodge, complete with a generous veranda and spacious living area. Available in three sizes and multiple layouts, it offers flexibility. With a kitchen, dining area, bathroom, and separate bedrooms, it offers all the conveniences, while maintaining a spacious feeling. Additionally, you can expand the terrace by opening up the front.

The Dreamer 60, with its substantial space, is perfect for creating a cozy bistro or using it as a group accommodation for yoga sessions and various activities.

# PREMIUM

Innovation and distinctive is what best describes our **Premium range**. Every Premium canvas lodge offers plenty of living space and a luxurious bathroom. It is the high standard in comforts that make these lodges ideal for couples and families.

- Designed for guests that are looking for space and comfort
- Provides your guests with the ultimate luxurious stay
- Add luxury to your holiday park by offering our Stardust

## STARDUST

A touch of the Orient

The Stardust catches the eye with its distinctive double roof and, thanks to extra ventilation it is particularly suitable for warmer climates. Couples will enjoy a comfortable stay thanks to the luxurious bathroom with bathtub and shower, separate toilet, spacious living area and large veranda. Simply open the front of the tent and let your guests immerse themselves in an unforgettable nature experience.

# LUNA

## The future of responsible nature retreats

Welcome to the future of glamping accommodations, where the Luna tent sets a new standard in innovation and sustainability. Striking Glulam beams provide both unmatched strength and a fresh aesthetic. As a standard feature, this tent offers luxury with a glass front panel, two folding doors, and high-quality, durable materials like PVDF and Solution-Dyed canvas. But the versatility doesn't end there. The Luna is fully customizable, ranging from high-end luxury to budget-friendly options. Choose from various materials for the canvas and roof, and explore numerous options for the front panel, allowing you to create a tent suitable for your investment

At YALA, we are deeply committed to sustainability and performance. Our Glulam beams, beyond their stunning aesthetics, play a crucial role in building a sustainable future. They offer exceptional strength while being easily testable for maximum assurance. The PVDF roof not only shields against the elements but also promotes environmental responsibility. Our Solution-Dyed canvas not only maintains color better than any other canvas on the market but also exhibits superior tensile and tear resistance. What's more, Solution-Dyed technology is significantly more environmentally friendly due to its efficient dyeing process.

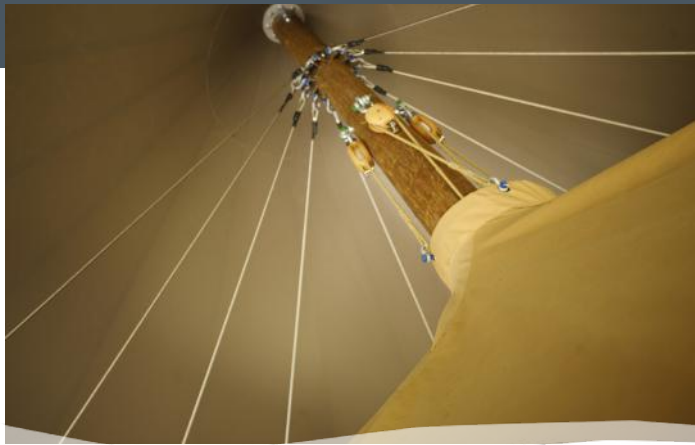

What truly sets the Luna tent apart in the market is that each material used can be independently tested for strength and durability. This ensures compliance with licensing requirements and the strictest safety standards.

## DELUXE

Elevate your guests' outdoor experience with our **Deluxe range** structures. These exceptional and highly versatile accommodations have a spacious footprint, providing enough room for a luxurious hotel-like setting. Our Deluxe range represents a seamless blend of richness and nature.

- Spacious and versatile accommodations
- Extraordinary materials and design
- Stylish and adventurous

## ECLIPSE

Stylish Retreat for modern Glamping

Discover a luxurious and modern retreat perfect for couples and groups, available in two or four-person options. These stylishly designed accommodations feature one or two bedrooms, a bathroom for each, a compact kitchenette, and a charming veranda. With a sturdy wooden structure, galvanized steel chassis, and the option for a hardwood floor, durability is guaranteed. These accommodations are perfect for events, bars, or as stylish guest accommodations.

# AURORA

## Adventurous luxury escape

Looking for a striking addition to your resort, hotel, or holiday park? Look no further than the Aurora! This luxurious tent structure distinguishes itself with its unique design, featuring two spacious bedrooms with en-suite bathrooms and a shared living area with a kitchenette. The extensive veranda promises a one-of-a-kind outdoor experience.

2-6

# VENUE STRUCTURES

## Distinctive and multifunctional

Are you seeking unique and versatile tent structures to elevate your resort? Our adventurous Aurora and stylish Eclipse are available in Plain versions without side walls and Venue versions with walls.

This flexibility makes our tent structures perfect for use as a reception area, restaurant, beach bar, or multifunctional space for workshops and events. You can organize a yoga retreat with an optimal outdoor experience or set up a bar in the center and transform the structure into a dream location for a wedding party. The possibilities are endless!

# YALA INTERIOR

Elevate your tent structures with YALA's furniture. Crafted with precision and style, our furniture complements your canvas lodges, creating a comfort and luxury stay in the great outdoors.

## RAW

Robust and responsible

It's all in the details! YALA's RAW furniture is thoughtfully crafted from FSC-certified solid spruce wood, sourced from Northern Europe. Renowned for its quality and durability, this wood has a luxurious Oak look finish. Designed to perfectly complement our safari tents, glamping lodges, and tentstructures, it ensures long-lasting performance and excellent returns on investment.

Our choice of this sustainably harvested wood not only aligns with our commitment to environmental responsibility but also ensures that your investment in YALA interiors will stand the test of time.

# PRISTINE

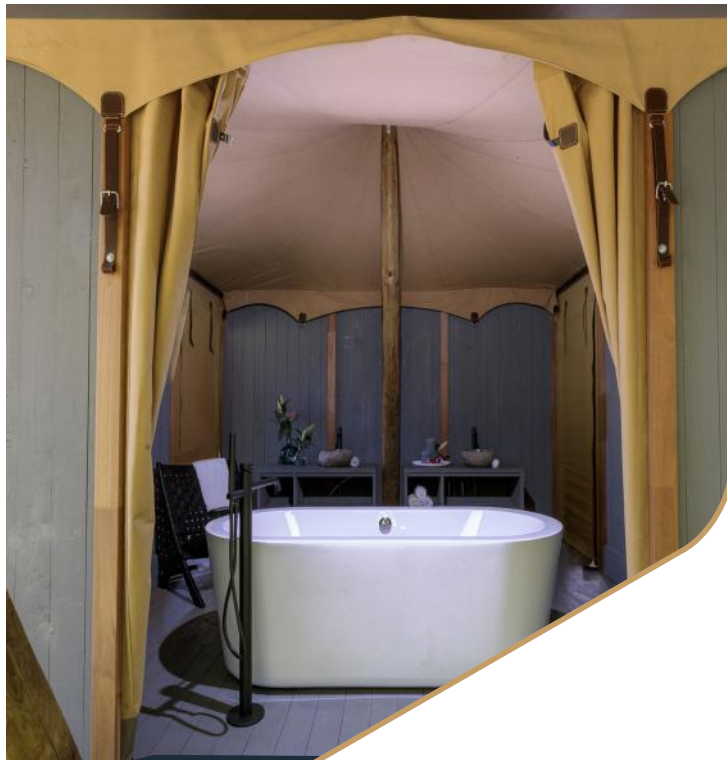

Elegant, Refined and chic

Discover our latest interior line, Pristine. Immerse your guests in an ambiance of pure elegance, where every detail speaks of luxury. Elevate your glamping accommodations with the Pristine interior line, setting the stage for unforgettable guest experiences.

Our Pristine line features an array of furnishings, including luxury beds that promise restful nights under the stars, chic nightstands for convenience, spacious cabinets to keep your space organized, designer chairs and tables that embody refinement. Lounge in comfort with our sofas and loungesets, while our thoughtfully designed showers and bath add a touch of richness to your outdoor experience.

What sets Pristine apart is the exceptional quality of materials. We use sustainably sourced Acacia wood for a rich, natural feel that blends seamlessly with the outdoors. Complementing this, our tropical wooden components guarantee durability and longevity.

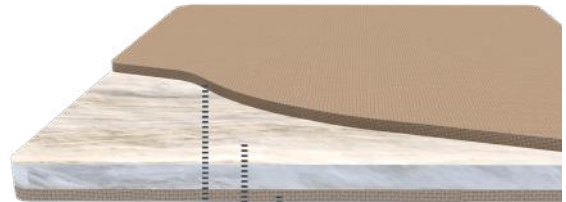

# EXTEND YOUR SEASON

Offer your guests a more comfortable stay, even on colder days. With our insulation and heating solutions, you can extend your season and increase your turnover.

By choosing our insulated canvas, insulated floor system, and installing infrared underfloor heating or a pelletstove, you can keep your temperature comfortable even in the coldest of weathers. The combination of our products make it cost efficient and the safest solution for glamping tents.

## FPTC 700 INSULATED CANVAS

1. Fire retardant FPTC 320 canvas
2. Polyester hollow fibre
3. Fire retardant FPTC 190 canvas

Our insulated canvas is specially designed to keep the warmth in and the cold air out. This means that even on the coldest nights, your guests can enjoy a cozy and comfortable environment inside the tent.

To ensure that there is no cold draft affecting your guests experience, we offer insulation floors.

However, without heating, the temperature will still adjust to the outdoor environment. So, to maintain the temperature and provide warmth and coziness, we have infrared heating systems and pellet stoves.

These systems are not only highly efficient but also environmentally friendly, allowing you to provide your guests with warmth without worrying about their ecological footprint.

# SERVICE & MAINTENANCE

At YALA, we offer more than just exceptional tent structures; we're your dedicated partners in achieving excellence. Our comprehensive services are designed to support your venture from inception to long-term success. From worldwide transport and expert assembly to tailored concept design and drawings, along with annual service and maintenance packages, we're committed to ensuring your success at every step of the journey.

Our comprehensive services are here to cater to your every need. Whether it's arranging global transport and assembly for your tent structures, providing expert supervision if you have a local building team, or crafting tailored concept designs that seamlessly marry aesthetics and functionality, we've got you covered.

Visualize your dream glamping site with our concept drawings, designed to optimize space utilization, enhance guest experiences, and maximize your return on investment. We offer yearly service and maintenance packages, available in Bronze, Silver, and Gold, to ensure exceptional guest experiences and preserves the long-term value of your investment.
